

MD SEFAT

Data Science Researcher

Sydney, Australia | +61 416 119 378 | tanjimsefat12@gmail.com

RESEARCH INTEREST

Aspiring data science researcher with a strong interest in applying machine learning methods to public health problems, including disease prediction, health data analytics, and the use of AI to support clinical and epidemiological decision-making. Combines a software engineering background with growing expertise in statistical modeling and data-driven research.

EDUCATION

Master of Data Science

Macquarie University, Sydney, Australia

Currently Enrolled

BSc in Computer Science and Engineering (CSE)

American International University-Bangladesh (AIUB)

AREAS OF INTEREST

- Machine Learning applications in Public Health
- Predictive modeling and health data analytics
- Data-driven decision support in healthcare systems

TECHNICAL SKILLS

Programming Languages: C#, Java, PHP, JavaScript, Python, R, SQL

Data Analysis & Machine Learning: Pandas, NumPy, scikit-learn

Web & Software Development: HTML, CSS, .NET, PHP Frameworks

Tools & Platforms: Jupyter Notebook, Git, Excel

LANGUAGES

English (Fluent) • Bangla (Native)
